

## There are great articles in the back copies of *SPHERE*. Learn more, worry less, feel empowered to explain...

Read the talks from experts, see the inspiring ideas from our staff and volunteers. "Each time I look at a back copy, I find an article I want everyone to see," says Marian.

Some people even buy the full set! £1 for one issue (posted £2), £25 for full set. (Overseas: same price if emailed. Check with us if you want it posted)

To pay, you can send a cheque – or else on [www.hva.org.uk/shop.html](http://www.hva.org.uk/shop.html) you can click through 'a donation' and indicate the journal numbers in the 'special delivery instructions' box.

Find the section that interests you in this list – or just browse overleaf:

Antibody test – what it does and when to use	Menstruation, the pill and recurrences
Complementary remedies and other self-help ideas	Other conditions
Drugs	Pain
Helpline – tales from the phone lines	Perception and psychology – see also hype and stigma
Herpes viruses and how they work	Pregnancy & childbirth
Hype – why it is seen as a problem – see also psychology and stigma	Questionnaire – what members say
Legal status	Research
Life insurance, mortgage applications	Review of books
Media – our response to some stories	Talking to partners; what people think of our 'days'
Media – the HVA in the news	Transmission
	Vaccine

**Article are marked 'S' for short - less than a page; 'M' medium, about one page; 'L' which is more than one page in length – it may be an article 6 pages long!**

When you order an article, you will get the whole magazine that it comes in – usually 16 pages long. For instance, if you order 15/3 to get the Evening Primrose article, by doing a search for 15/3 you can see that you will also get "Infection rates - how many have it?", "Has 'herpes hype' hampered drug sales? by a salesman", "A report from the International Herpes Management Forum – 3 days in Malta".

**Plus, almost all magazines include a Personal Story, information from the office, letters from members, Conferences we attend, reader's suggestions for self-help tips and other advice.**

**Bigger journals – see below – are several issues edited down and made into one:**

Code:	Size:	Contains:
1 to 3	28 pages	the best of the first 16 journals, titles below.
4 & 5	20 pages	8 journals, edited down: 'Face it', 'Forgotten Plague', diet, stress and lots more... See below.
6	12 pages	4 journals, edited down: survey of our members' herpes: how often, how long; 'Life after Love'; latency; workshops work...
7	20 pages	4 journals, edited down: GPs' attitudes, aciclovir, media reports, alternative therapies, more...
8/1&2	16 pages	2 journals, edited down: Pregnancy, menstruation, 'aciclovir is no help', Conditioned Response
8/3	28 pages	the facts about herpes simplex primaries, recurrences; a talk by top-doc Dr Barlow; how the hype was created (with at least 4 examples),
9	20 pages	4 journals, edited down: update on antiviral pills; how to get your head around it – and more...
10	24 pages	4 journals, edited down: members on TV shows; dealing with negative thoughts – and more...
11	28 pages	4 journals, edited down: Stopping symptoms the alternative way; Sex and morality – and more...
17	20 pages	4 journals, edited down: <i>Destigmatize</i> by Dr Phil Hammond; six pages of Dr Kinghorn's talk; conference in Paris ...

### You can also buy:

**BOOKLET:** HERPES SIMPLEX – THE GUIDE; 6,000 words, 16 pages, on all aspects of the subject. This edition 14 has been written in accordance with the Information Standard. Guides are distributed by clinics to patients as they know how helpful the booklet is: £5 by email or posted... See <https://herpes.org.uk/shop>
